Dear Sir:

Please enter the following amendments in the above-identified application
 before the examination thereof. An appendix containing the pending claims – Claims
 1-33 and 34-111 – is attached.

In the Claims:

Please add the following new claims:

Q11 *Pub B5* ~~34. A syringe for use with an injector having a movement mechanism
 operably associated therewith, the syringe comprising:
 a body comprising a distal discharge end;
 a plunger movably disposed within the body; and
 at least one agitation element disposed within the body between the plunger
 and the distal discharge end, the at least one agitation element operable to agitate a
 fluid in the syringe when the syringe is rotated by means of the movement mechanism.~~

~~35. The syringe of Claim 34 wherein the fluid comprises a contrast agent.~~
